

Attention East High Parents & Students:

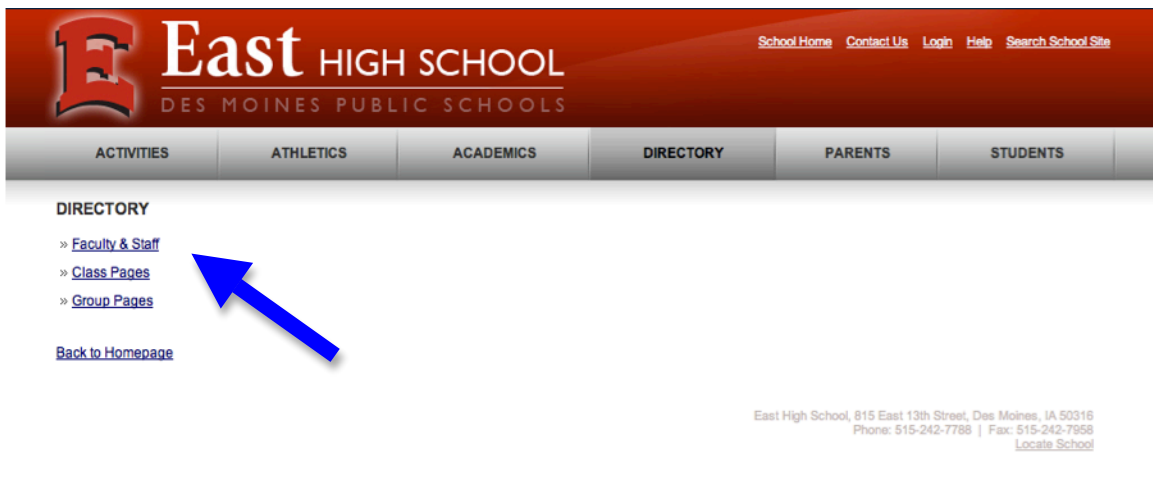

The Des Moines District has moved to an online data management system called eChalk. This allows for 24 hours access to school and teacher information. Teachers have been trained on how to create their own pages for their classes so that students have access to homework 24 hours a day. This will help students with absences retrieve their missing assignments in a timely manner. Please follow the directions below to access homework assignments.

1. Make sure to have your student's teacher's names and class names.
2. Go to East High's main webpage.

Click on Directory link.

3. Click on Faculty & Staff

4. Search for your student's teachers in the text box. If you don't know how to spell the teacher's name search under teachers.
